

論文に付随する資料投稿についての記載 Supplementary materials information (policy of publishers to authors)		出典 Source
IOP	<p>.... copyright in the Article for the full term and for all media and formats in all material published as part of the Article, which expression includes but is not limited to the text, abstract, tables, figures, graphs, video abstracts and other multimedia content but excludes any other item referred to as supplementary material.</p> <p>On acceptance for publication the Author shall grant NIMS and IOP a royalty free nonexclusive licence for the full term of copyright for all media and formats to do in relation to any supplementary material not deemed to be part of the Article all acts restricted by copyright.</p> <p>Authors have participated sufficiently in the conception and writing of the Article, have received the final version of the Article, agree to its submission and take responsibility for it, and submission has been approved as necessary by the authorities at the establishment where the research was carried out.</p>	http://cms.iopscience.iop.org/alfresco/d/d/workspace/SpacesStore/4dc4d0fd-a062-11e3-b04c-29411a5deefe/STAM%20Assignment%20CC%20BY%20for%20Atom%2027.02.14.pdf
AIP	The author expressly authorizes AIP and its agents to reprint, publish, copy, translate, vend, or otherwise supply copies or derivatives of the enclosed material to anyone, upon request, and warrants that (1) he or she is the copyright holder or an authorized agent of the copyright holder, or (2) if not the copyright holder or an agent thereof, he or she attached hereto the authorization of the copyright holder.	ftp.aip.org/epaps/forms/papsform.pdf
APS	Supplemental Material (SM) cannot be subject to any prior copyright, since it is covered under the same copyright as the associated published paper. Any republication of SM must follow the guidelines in the copyright agreement for the published manuscript.	http://journals.aps.org/prl/authors/supplemental-materials-journals
RSC	all supplementary material will be published under a CC-BY licence	http://royalsocietypublishing.org/instructions-authors#question5
ACS	the transfer of copyright in Supporting Information is nonexclusive. Authors may use or authorize the use of Supporting Information in which they hold copyright for any purpose and in any format.	http://pubs.acs.org/userimages/ContentEditor/1285231362937/jpa_user_guide.pdf
NPG	Ownership of copyright remains with the Author(s)	www.nature.com/licenceforms/npg/mpl-ltp.pdf
Taylor & Francis	When publishing in a subscription journal published by Taylor & Francis, we ask you to assign copyright to us. Alternatively, any author publishing with us can also opt to retain their own copyright and sign a License to Publish	http://journalauthors.tandf.co.uk/copyright/index.asp
Elsevier	Regular articles: "Authors transfer copyright to the publisher as part of a journal publishing agreement" Open access articles: "Authors [retain] copyright but license exclusive rights in their article to the publisher" Supplementary materials: Authors retain copyright of .. supplemental data	http://www.elsevier.com/about/open-science/research-data
Wiley	Copyright in material hosted in this way need not be assigned to Blackwell Publishing or the Society where the author arranges hosting of this material.	http://exchanges.wiley.com/blog/2004/09/01/supplementary-material/
